—a new

NoveList® K-8

is here!

You told us that you're looking for quick and easy ways to lead readers to the books they will love — and we listened. The enhanced version of NoveList® K-8 is designed to make searching more intuitive and reading recommendations easier to obtain, and allows for quicker access to more curricular-based content than ever.

We know that searching is important, so the search box will stay at the top of every page.

A new Teaching with Books page is dedicated to connecting books to the curriculum and engaging readers to promote reading success.

Teaching with Books

Another great new feature of NoveList K-8

Here you'll find curriculum-related articles arranged by grades covering school subjects such as:

- Language Arts
- Math
- Science

Not only that, you'll quickly and easily be able to view Curriculum Standards and get to Lexile information.
