Below this is a list of genres: Adventure Fantasy, Fantasy, Fiction A to Z, Graphic Novels, Historical Fiction, Horror, Mysteries, Romance, Science Fiction, Thrillers and Suspense, and Westerns. A link for "Book Lists from NoveList Recommended Reads" is at the bottom of this list. Book Appeals

NoveList is now taking readers' advisory to a new level. We're going beyond subject headings by adding appeal terms to describe writing style, tone, pace, and plot. These terms address the reader's experience, giving you an even stronger way to find that just-right book for your reader.

The NoveList team is committed to helping librarians meet the needs of their libraries, and we will continue to offer support for the hard-to-answer questions and situations that librarians encounter on a daily basis. We've been listening to your suggestions and ideas—and we're going to continue to listen to you—to ensure that you have the tools and resources you need to provide your patrons with the best-possible search experience.
